

Principal Letter (26/27)

Dear Parents and Teachers,

1st September 2026

Hello everyone! With the advent of September and autumn, a new school year is once again upon us. As the new school year begins, I look forward to welcoming our children back to campus together with you.

During the past few years, thanks to the dedicated efforts of our teachers and the wholehearted support of our parents, we have achieved a series of exciting breakthroughs:

- ✧ **We have successfully expanded to three Primary 1 classes.** This reflects our community's recognition of our educational philosophy and brings a vibrant new group of students to our school.
- ✧ **Our teachers have continued to excel professionally.** They participated in a robotics course at Fudan University, earning national patents for their research and development achievements. Additionally, through their innovative instructional designs, our Chinese language teachers also won a Creative Teaching Award. An outstanding team of educators is the most solid foundation for our children's growth.

- ✧ **Our curriculum continues to expand and diversify.** For P1 and P2 students, we offer International Classes and International Preparatory Classes. Our NET teachers, hailing from diverse backgrounds, foster an immersive bilingual and trilingual environment—empowering students to thrive in Hong Kong while connecting with the world.
- ✧ **Our campus learning spaces have been upgraded with the launch of our ESG Smart Eco Garden.** By integrating educational AI, ecology, and science education, it breaks through the boundaries of traditional classrooms. This enables students to explore through hands-on learning and creates a richer, more versatile educational environment.

Looking ahead, we firmly believe that knowledge determines how fast a child can move, but character determines how far they can go. Therefore, we are elevating “Character Education” to become the core of our school’s development.

Toi Shan is where we take root and grow—a place filled with cherished memories and deep emotional connections. We sincerely hope to join hands with you to share the Toi Shan story and showcase the remarkable achievements of our teachers and students to the wider community. We aim not only to celebrate academic success, but also to highlight our children's kind, upright, and responsible character. Every word of encouragement and gesture of support from you is a vital driving force that continuously moves our school forward. Let us stand together, trust one another, support one another, and nurture every child together.

In this new school year, may we continue to walk side by side, creating a hopeful and inspiring learning journey for our children!

Warm regards,

Dr. Tong
